A group of young children are in a classroom, playing with long, colorful scarves (pink, blue, green, yellow). They are holding the scarves up in the air, and some are sitting on the floor. The background shows a typical classroom setting with shelves and toys.

The school is the headquarters of Educo-Music, which offers classes in Music, Dance, and Musical Theatre for all ages, with specific and relevant specialization in early childhood.

In addition, these classes prepare the students for the official entrance exams at the conservatories of Seville..

A teacher with blonde hair, wearing a yellow cardigan, is leaning over a wooden table, smiling and pointing at a large world map. Three young students are gathered around the table, looking at the map. One student, a girl with dark skin and braided hair, is pointing at a specific location on the map. Another student, a girl with blonde hair, is looking at the map with interest. A third student, a boy with dark skin, is also looking at the map. The map is a large, colorful world map with various countries and oceans labeled. The background shows a classroom setting with shelves filled with books and other educational materials.

Due to the multicultural environment of the school and the interest it sparks in other languages, English immersion classes are offered for two age groups: 5-9 years and 9-16 years. These classes prepare students for the official Trinity exams A2, B1, B2, and C1, and are taught by native teachers.

ENGLISH IMMERSION *classes*

A woman with curly blonde hair, wearing an orange shirt and blue jeans, sits cross-legged on a light-colored carpet. She is smiling and gesturing with her hands as if speaking to a group of children. In the foreground, the backs of two children's heads are visible; one is wearing a yellow and white striped shirt. On the floor around them are several colorful cards with letters and shapes. In the background, there is a whiteboard with a wooden frame, holding a poster of the alphabet and a worksheet with the word 'apple' and the letter 'C'. A potted plant is visible on the left side of the frame.

Due to the multiculturalism that the school fosters and the interest it arouses in other languages, immersion classes in German and English are offered for children aged 4 to 7 years, supported by play and taught by expert teachers
